

Ariel Bernardo Vergara

Presentation

Hi, my name is Ariel! I am 28 years old, I am from Argentina and I moved to the Netherlands in July 2021 as a High Skilled Migrant sponsored by my current employer. I have been working as a Full Stack Developer since December 2017 and I am currently studying Computer Science in the CAECE University (Argentina).

Skills

- ✓ Experience with C#, .NET Framework, ASP.NET Core, MVC, Clean Architecture, WebAPIs and Webhooks.
- ✓ Management and strong understanding of relational databases using SQL Server and Entity framework as ORM.
- ✓ Experience with Test-driven development, Scrum and PR reviews to ensure code quality.
- ✓ Knowledge about front-end web development technologies such as HTML, CSS, JavaScript and React JS.
- ✓ Experience with source control management using Git, TFS and DevOps.
- ✓ Knowledge with unit test and integration tests.

Experience

Intercept B.V.

July 2021 – Currently.

Full Stack .NET Developer Medior

Back-end

- ✓ Designing and developing software applications using C#, ASP.NET Core, MVC, Clean Architecture, Razor pages, WebAPI.
- ✓ Managing and designing database solutions with SQL Server and Entity Framework Code first and DB First.

Front-end

- ✓ Designing and developing UI using React JS, JavaScript, JQuery, HTML, CSS3 and Bootstrap 5.
- ✓ Mentoring developers and provided technical guidance and support in the front-end of our app.

General:

- ✓ Usage of Azure DevOps' tools for planning the sprints, retrospectives, estimating US (refinement), storing our code, setting up pipelines to ensure the code is building and tested automatically (CI/CD), creating PRs and reviewing code.
- ✓ Teamwork reviewing code from each other.

**Redsis (Danone)****April 2020 – May 2021****Backend .NET Developer Medior**

I designed and developed software applications using C#, ASP.NET, Web Services as interface between systems (microservices) and SQL Server for the database solution.

Nosis. Laboratorio de investigación y desarrollo.**December 2017 - February 2020****Full Stack .NET Developer Trainee-Junior**

I collaborated with a team of developers and QA testers to ensure a high-quality software. There I learned how to develop software applications using C#, .Net ASP, JavaScript, JQuery, HTML, Bootstrap and CSS. We used Scrum methodologies.

Languages

- Spanish - Native.
- English - C1 Level (written and spoken).
- Dutch - A0 (in progress)

About me

- I do voluntary work at an organization. We work with homeless children making breakfast, playing with them, planning activities, etc.
- I like teamwork and learn from each other.
- I love doing sports such as football, swimming and bouldering.
- I am very interested in different cultures and travelling.
