PRESENTATION

I have been working as a Full Stack Developer since December 2017 and I am studying System Engineering in the National University of Technology (FRBA - Argentina). Currently I'm doing subjects from 3rd and 4th year. I am a proactive and curious person. I enjoy teamwork.

WORK EXPERIENCE

Full Stack .NET Developer Ssr.

REDSIS (For Danone). April 2020 - Present.

General tasks and technologies used: Currently in charge of a logistic project (Printing module).

Short description: working on new functions and maintenance of the application using C# as a programming language and Web Services as an interface between systems. We use a micro service architecture and design patterns like Strategy.

(Back: C# - BD: SQL Server + Entity Framework. Front: React Js + React Redux + React Thunk+ JavaScript + JQuery + HTML + CSS + SCSS).

Full Stack .NET Developer

NOSIS. December 2017 - February 2020.

Nosis Compliance (external project): I was in charge of 2 productive modules.

I had the opportunity to use design patterns like Strategy and Composite. We consumed a Company's Web Service and we made an API REST to connect with others systems. I was in charge of the backend and the frontend.

Architecture used: MVC + Layers. **(Back: C# - Front: HTML + Razor + CSS + JavaScript + JQuery + Bootstrap - BD: SQL Server).**

CRM (internal project): This was my first project as a web developer. Basically, this project is a CRUD using an MVC architecture.

(Back: C# - Front: HTML + CSS + JavaScript - BD: SQL Server).

TECHNICAL KNOWLEDGE

- Back-end: C#, API REST Net Core, API REST ASP .NET,
- Web Services, API REST Node JS.
- Front-end: React JS (Hooks, Redux, Ducks, Thunks), HTML 5, CSS 3, JavaScript, JQuery and Bootstrap.
- Testing: NUnit.
- Database: SQL Server, MySQL, MongoDB.
- Project planning: JIRA, Trello.
- Project management: GitHub, TFS.
- Agile methodologies: Scrum.
- Firebase (hosting, database, authentication, images).

SPECIFIC TRAINING

- Udemy. React JS + Redux + Firebase - 2020.
- Educación IT. API REST Net Core - 2019.
- Educación IT. JavaScript Avanzado - 2018.
- SEDUCA. Curso de Java - 2017.
- Congress in social responsibility - 2014.

LANGUAGES

- Spanish - Native.
- English - C1 Level.

HOBBIES

- I do voluntary work in an organization. We work with homeless children making breakfast, playing with them, planning activities, etc.
- I love doing sports such as football, swimming, and volleyball.
- I am very interested in different cultures.
